### Finding the Road to Joy

When did life stop being funny? Why do people not enjoy being together? Who says life has to be a grim marathon of frowns?

It seems with all the fear and frustration in the world, in our towns, in our families, and yes, even in the church, many have surrendered laughter and joy for anxiousness, aggravation, and anger.

But as Christians—people who have given their lives to Jesus Christ—we are to live above the fray. And there is no better example of someone who accomplished that task than the apostle Paul.

Paul wrote to his beloved friends belonging to the church at Philippi while he was in prison. He was not at all certain he would ever be freed. In fact, he anticipated his death and spoke about it. Yet in four short chapters that make up the New Testament book of Philippians, Paul expressed a joy and peace that is not found anywhere else in the Word of God.

It's time to laugh again. It's time to hope again. It's time to find peace as we discover the road to joy! Join us at First Church of Christ over the next few months as we discover and travel the Road to Joy.
